AMES by the

Grace of God, King
of Great Brittain,
France and Ire-
land, defender of
the Faith, &c. To
the Treasurer and
Barons of our Ex-
chequer, and to all
our Customers, Col-
lectors of Customs
and Subsidies, Comp-
trollers, and Surney-

ors, Searchers, Waiters, Officers and Ministers, in any our
Port, Haven, or Creeke within this our Realme of England for
the time being, and to euery of them: And to all other our lo-
uing Subjects, Greeting. Whereas, by an Act of Parliament
made in the first yeere of our Raigne, there is amongst other
things granted vnto vs a Subsidie called Poundage, that is to
say, of all manner of goods and Merchandizes, of euery Mer-
chant, Denizon, and Alien whatsoeuer he be, carried or to
be carried out of this our Realme of England, or brought, or

to be brought into the same, by way of Marchandize of the value of euery twentie shillings of the same goods and Marchandizes twelue pence, and so after the rate, except all manner of woollen cloth made or wrought, or that shall be made or wrought within this our Realme, or by euery or any Marchant, Denizon, and not borne Alien, carried or to be carried out of this our said Realme. And all manner of woolles, woolfelles, and hides, and backs of leather, also carried or to be carried out of this our Realme. And all Wines, and all manner of fresh fish, and Bestiall comming, or that is, or shall come into this our Realme: as in the same Act amongst other things at large is contained. And whereas our late deare Sister Queene MARY, hauing the like Poundage or Subsidie graunted vnto her by a Statute made in the first yeare of her Raigne, and considering that the same Poundage or Subsidie was graunted vnto her for the defence of her Realme, and the safeguard of her Seas for intercourse of Marchandizes safely to come in, and passe out of the same. And therefore thinking it expedient that she should be duely answered thereof, towards the maintenance of her said charges, did therefore cause the prices and values of diuers goods and Marchandizes liable to the paiement of the said Subsidie or Poundage, to be inquired and examined, and did after cause the said goods and Marchandizes, with their values and prices to bee entred and expressed in a Booke, sealed with the great Scale of England, and Signed with the hand of our said Sister, and remaining in our Court of Exchequer. According to which booke, the prices and values of Marchandizes, brought into this Realme, and carried forth of the same, haue sithence the making of the said Booke been taken and esteemed, and the Poundage or Subsidie thereof paid and answered vnto our said deare Sister Queene MARY, and to our late deare Sister

Queene

Queene ELIZABETH, and to vs accordingly. And whereas we are credibly giuen to vnderstand, that diuers of the Goods, Wares, Marchandizes and Commodities valued and priced in the said Booke, are therein valued and priced at vnder values to our great losse and hindrance: and that diuers of the said Goods, Marchandizes and Commodities, are rated at too high and deere a rate, to the great preiudice and burthen of the said Marchants, as well Subiects as Strangers. And that diuers Goods, Wares, and Marchandizes, both of those that are brought into this Realme, and of those that are transported and carried forth of the same, are not at all valued, priced or mentioned in the said Booke: whereby the said Subsidie or Poundage, hath hitherto been rated onely by the oathes of them to whom the said Goods, Wares, and Marchandizes did belong. We let you wit, that for reformation thereof, and to the intent that all and singular such Goods, Wares, Marchandizes and Commodities as at any time hereafter shall be brought into this our Realme, or transported and carried forth of the same, shall and may, both for the true answering vnto vs of the said Subsidie or Poundage, according to the true intent of the said Statute, and for the ease of the said Marchants, be reasonably and indifferently rated and valued: We haue of late by our Commission vnder our great Seale of England, caused inquirie and examination to be made, what reasonable and indifferent values and prices, may, and ought, according to the true meaning of the said Statute, be rated and set vpon all and euery the said Goods, Wares and Marchandizes, for the true answering vnto vs of such Poundage and Subsidie, as by the said Statute, is and ought to be iustly and truly paid vnto vs: and according to such report and certificate as our Commissioners in that behalfe assigned haue made vnto vs: We haue caused all the Goods and Marchandizes chargeable, to and

with the said Subsidie, being either brought in, or transported out of this Realme, together with the severall kindes, qualities, numbers, waights, measures and contents of the same, and the values, prices and rates thereof, found and certified to be reasonable and indifferent for the purpose aforesaid, by our Commissioners in this behalfe assigned, to be particularly entred and expressed in this present Booke, containing in leaues written on both sides, thirtie and seven, to the intent we may be iustly answered of the said Subsidies or Poundage, according to the tenor of the Act of Parliament afore mentioned. And whereas also our said late deare Sister, *Queene MARY*, finding the Custome and Subsidie of Woolles, being in yearely Renueue very great to diuers her noble Progenitors, to be greatly decayed, because that lesse Wooll was shipped and carried forth of the Realme, and much more Wooll made into Clothes, and carried out of the same in Cloth, by way of Merchandize, then before in the time of her Progenitors had been used. And minding in reasonable sort to maintaine the Customes, being the most auncient and certaine Renueue of her Crowne, did vpon deliberate consideration, in recompence of part of the said great losse, by aduice of her Counsell, asseesse vpon Clothes carried out of this Realme by way of Merchandize, a certaine rate for the Custome and Subsidie of them, as in a particular declaration thereof, entred in the end of the said Booke, and signed with our said Sister *Queene MARYES* hand, was, and is at large contained. We giue you further to vnderstand, that by aduice of our said Commissioners who we assigned also to consider of our seruice in this behalfe: We haue caused the Rates asseessed by our said Sister *Queene MARY*, for the Custome and Subsidie of Clothes to bee entred and expressed in the end of this Booke: together with a declaration after what rate the severall kindes of Clothes therein expressed, haue been
and

and shall be charged with Custome and Subsidie, according to the Rate assessed by our said late Sister Queene MARY, and continued by our said late deare Sister Queene ELIZABETH; which we doe hereby ratifie, approoue, and allowe to haue continuance. Wherefore our pleasure and commaundement is, that all our Customers or Collectors of Customs or Subsidies within any Port, Hauens, or Creeke, of this our Realme of England, and dominion of Wales, for the time being, shall from and immediatly after notice to them giuen of this our pleasure, leaue and take vp to our vse the said Subsidie or Poundage of twelue pence vpon the pound, and our Custome and Subsidie for the Clothes, Kerseys, and other Draperies, according to the prices, values, and rates, mentioned and expressed in this Booke, and not otherwise, as they and euery of them will answer vnto vs for the contrarie at their perils. Willing further and commaunding the Treasurer and Barons of our Exchequer, and the Comptrollers and Surueyours for the time being, within any our Hauens, Port, or Creeke of this our Realme, and euery of them to charge the said Collectors and Customers, and euery of them to see vs duely answered of the Customs and Subsidies aforesaid, according to the values, prices, and rates mentioned in this Booke, and none otherwise. Provided alwaies, and our will is, that if at any time hereafter it shall plainly appeare vnto our Treasurer and Barons of our said Court for the time being, that the Rate, value, kinde, name, length, or content of any Wares or Merchandizes mentioned in this Booke, be miswritten or mistaken in the said Booke, contrarie to the truth and our very meaning; then they may and shall reforme the same according to the truth and true meaning by vertue hereof. And to the intent this order may take due execution thorowout this our Realme of England and dominion of Wales: We will that the Treasurer and Barons

of our said Court, shall cause to be deliuered to the Customer or Collector, Comptroller and Surueior of euery our Port, Haven, or Creeke within this our Realme of England, and dominion of Wales, a perfect duplicament or exempification of this Booke vnder our Seale of Exchequer, to remaine in the seuerall Custome-houses with our Officers there for the time being, thereby to leuie and answere to vs the said Customes and Subsidies accordingly. And these shall be to them and euery of them a sufficient warrant and discharge in that behalfe. Yeonen vnder our signe Mannell at our Manor of White-hall, the sixe and twentieth day of Nouember, in the yeare of our Raigne of Great Brittain, France and Ireland, the second.

James R.

JAMES by the

Grace of God, King
of England, Scotland,
France, and Ireland,
Defender of the faith,
&c. To our right trustie
and right well beloved
Cousin and Counsellor,
ROBERT Earle of Sa-
lisbury, our High Treas-
urer of England: Greet-
ing.

Whereas by our Letters Patents under our great Seale of England, directed vnto you, bearing date the eight and twentieth day of Iuly, in the sixth yeere of our Raigne of England, France and Ireland, and of Scotland the one and fortieth, for the causes and considerations in the said Letters Patents expressed, and for diuers other good causes to vs and our Counsell well knowne: We did for vs, our heires and successors, appoint, or daine, and command, that from and after the nine and twentieth day of September then next ensuing after the due of the said Letters Patents, there should be leuied, taken, and receiued, by way of Imposition then newly set, our and besides the Customes, Subsidies, and other duties formerly due and payable vnto vs, vpon all marchandizes of whatsoeuer kinde, nature or qualitie, which from and after the said nine and twentieth day of September, should either be brought from any parts beyond the seas into this our Realme of England,

dominion of Wales, and Port or towne of Barwick, or into any of them, or which should be transported and carried forth of this our Realme of England, dominion of Wales, and towne or Port of Barwick, or out of any of them, to any forraigne parts, by any person or persons whatsoever, as well our naturall borne subiects, as Denizons and strangers, equally so much for the said new Imposition, as had been formerly answered and paid vnto vs, for Subsidie of the said Marchandizes, and neither more nor lesse, excepting such Marchandizes only, as in a Scedule annexed vnto the said Letters Patents, were either to be altogether free from payment of any of the said new Impositions, or else were appointed to pay the same in such other proportions, as in the said Scedule was expressed.

And although wee had such great care and respect in the laying of the said Impositions, to auoid the least inconuenience that might thereby arise to our people or subiects: as that we not only directed diuers of our Counsell to conferre with the principall Marchants of our kingdome, for the more orderly laying and leuying of the same, but also gaue speciall charge and commandement to exempt and forbear all such Marchandizes Inwards, as were either requisite for the foode and sustenance of our people (as Wheate, Rye, Barly, Mault, Oates, Beanes, Pease, Butter, Cheefe, Lings, Codfish, Colfish, Herrings, Sprots, Hadocks, Newlandfish, all sort of Salts, and all sorts of fowles) or which concerne matter of Munition necessarie for the defence and maintenance of our kingdomes (as Cables, Halfers, and all sorts of Cordage, Masts, Oares, Pitch, Tarre, Traine oyle, Pipe boards, Barrell boards, Bow-staues, Pikes, Halberds, Muskets, Calliurs, Corflets, Curats, Head-peece, Murrians, Harneffe plates, Flaskes, Touch-boxes, Match, Gunpowder, Saltpeter, Horses and Mares) or such as were passable commodities, which serue for maintenance of trade and Nauigation, being Marchandizes not vsually vented and spent within the kingdome, but brought in with purpose to be transported out againe (as Wax, Caiuare, Muscouie hides, and Tallow, Barbarie hides, Guinia and India hides, and Goate skinnes) or such Marchandizes as serue for the setting the people of our kingdome on worke (as Cotton wooll, Cotton yearne, raw Silke, and rough Hembre) or
such

such as serue for the enriching of our kingdome (as Gold and Siluer in bullion or plate, and all sorts of Iewels and Pearles) or such Marchandizes as were ouerualued in our booke of Rates for Subsidie, (as Leuant Taffaties, China Taffaties, China Sattens, Gold and Siluer threed, Bustians, Brizell Ticks, vnwatted Chamblets, Dozen Corke, Bomespars, Cantspars, Caprauens, Barlings, Firpoles, Firbaulkes, Nest-boxes, blacke Conyskinnes, Haire-buttons, greene Copperas, Oker and red earth.

Yet notwithstanding all our said care, (by reason of the generall and large extent of some words in our said Letters Patents) some commodities were made liable to the said Impositions, which were found to be very inconuenient and burthensome; in regard whereof, diuers of our Subiects became petitioners, to haue them freed from paiement of the said Impositions. Now to the end that it may appeare how readie we haue been, and euer will be, not only to hearken to the complaints of our louing Subiects, but also to giue them such satisfaction, as shall be answerable to their reasonable and iust requests: We haue therefore by sundrie of our priue Seales heretofore directed vnto you, not only abated the Impositions vpon diuers commodities imported, (which were thought to be charged ouer high) (as Vitterie Canuas, Muscauados Sugar, and all sorts of Reifins;) but also cleerely acquitted and freed diuers other commodities both imported and exported, (which were thought unfit to be charged,) from paiement of any manner of the Impositions, which by our said Letters Patents were laid vpon them; as all sorts of Deale-boards, Clapboards, rough Flax, Rice, Iron, Irish yearne, and Geneta Veluets, (being Marchandizes imported) And likewise all sorts of graine, (when it may lawfully be transported) and all the Manufactures of this kingdome, (excepting only Bayes and Pewter) being Marchandizes exported.

And although we haue thus farre giuen way vnto their desires, and yeelded to their request; yet some of those whom reason cannot satisfie, are apt to continue their complaints for further fauour and ease in this matter. That it may further appeare that none shall be more readie to discouer any inconuenience then wee will be to re-

forme it, or to make any humble or honest complaint then wee to heare and ease them; we are pleased, and doe by these presents for us, our heires and successors, will and command, that from and after the feast of S. Michael the Archangel now next ensuing the date hereof, no manner of Impositions shall be required or paid by force of the Letters Patents before mentioned, upon any Marchandizes which shall be shipped and transported out of this our kingdome, of what kinde or nature soeuer, excepting only upon Bayes, Lead, Tinne and Pewter: and of Bayes also, we haue (by our priuie Seale already directed vnto you) giuen order that the single Bayes of Barstable in our Countie of Deuon, shall be likewise freed from payment of any Imposit, and so our pleasure is they shall stand. But concerning the Marchandizes which are brought into this our kingdome, forasmuch as they are of diuers kinds and natures, some being manufactures of other nations, which if they were brought in unwrought in their simple materials, the people of our kingdome might thereby be set on worke; others being such Marchandizes as are rather tending to superfluitie, then for the necessarie vse of our subiects, or any waies for the enriching of our kingdomes; and others are so much undervalued in our Rates for Subsidie, as we are thereby much shortned of that which is due vnto vs by our lawes: Therefore although wee haue been pleased to acquit and free all the aforementioned commodities Inwards and Outwards, as aforesaid: and are now also further resolved to abate and lessen the Impositions of some commodities, and to acquit and free diuers other commodities Inwards; yet are wee neither so improvident of the good estate of our subiects, nor so insensible of our owne losse, as to free all the commodities of these kinds and natures from payment of the Impositions already set and imposed upon them. For, if it be agreeable to the rule of nature to preferre our owne people before strangers, then is it much more reasonable that the manufactures of other nations should be charged with impositions, then that the people of our owne kingdome should not be set on worke, and that vaine, unprofitable and unnecessary Marchandizes should by impositions be kept out of our kingdome, then that the good, substantiall and stable commodities of our owne nation should be giuen for them, whereby our people are much deceived,

ued, and our countrey more impouerished. And concerning the Marchandizes vnderualued (of which kinde are the most of them that shall remaine charged) it likewise behoues vs (in regard of our necessities and great occasions) to take care that wee be not ouermuch wronged of that which is our due.

Therefore our will and pleasure is, and we doe by these presents giue authoritie and power, and also charge and command you, that forthwith vpon the receipt hereof you giue order, direction and commandement, that our booke of Rates for our Customes, Subsidies and Impositions be presently reprinted: And that in the said booke of Rates Inwards these Marchandizes here expressed doe still remaine and stand charged with the Impositions, which by our aforesaid Letters Patents were set vpon them, viz. And that these Marchandizes Outwards, viz. Lead, Tinne, Pewter and Bayes (other then the single Bayes of Barstable aforesaid) doe likewise stand and remaine charged in our said booke of Rates with the Impositions, which by our aforesaid Letters Patents were set vpon them.

And our will and pleasure further is, and we do by these presents charge and comānd that these Marchandizes hereafter expressed, shall stand charged (in our said booke of Rates) to pay the Impositiō (by way of poundage) according to their severall rates and values here expressed, and not after nor according to such rates as by our aforesaid Letters Patents were set vpon them, viz. And that you giue order, direction and commandement likewise vnto all Customers, Collectors, Comptrollers,

Comptrollers, Surueiors and other our Officers and ministers of all and euery of our Ports, Hauens, Creekes, and other places where it shall be needfull, or to such other person or persons as you shall think fit to nominate, appoint and authorise for that purpose, that they and euery of them shall demanda, leaue and take of all Englishmen and Aliens, Denizons and Strangers whatsoeuer, all such summe and summes of money for and vpon all such Marchandizes as doe or shall remaine and stand charged and chargeable Inwards and Outwards in our said booke of Rates, and as by way of Imposition therein, is set to be lenied and paid for and vpon the same. And that they forbear for euer hereafter to demanda, leauy or take, vpon any other Marchandizes, which in our said booke of Rates shall be left vcharged, (excepting vn timerated manufactures, before named,) any manner of the Impositions whatsoeuer, which by our aforesaid Letters Patents were set vpon them. And that no Marchant, or other person or persons whatsoeuer, shall by our said Officers be permitted to make entrie Inwards or Outwards for the landing or shipping of any of the goods, wares or Marchandizes, which in our said booke of Rates Inwards or Outwards shall stand charged with any Impositions, before the said Marchant or other person shall respectiuelly haue answered and paid or compounded for with the Collector or Collectors of the said Impositions for the time being, whom the same shall concerne, all such summe and summes of money as for the Imposition of the said Marchandizes are set and imposed to be paid, vpon paine of our heauie indignation and displeasure, and as they will answere the same at their uttermost perill.

Repayment of
Imposition.

And for the better maintenance of Trade and Commerce in all forraigne Commodities, wee are further pleased, that euery Marchant naturally borne subiect; Denizon or Stranger, which shall shippe and transport to the parts beyond the Seas, either by Cocquet as Marchandizes paying Subsidie, or by Certificate as Marchandizes freed from payment of Subsidie, by vertue of our Letters of Priuie Seale, bearing date the foure and twentieth day of September, in the second yeere of our raigne of England, France, and Ireland, &c. any forraigne Commodities, which haue formerly been brought into our said Realme and Dominions, and the Impost

set and due for the same, being first paid and answered Inwards, either by himselfe, or any other Marchant, he shall haue repaid vnto him by the Collector of the said Impost Inwards, all such summe and summes of money, as were formerly paid for the Impost of the said Marchandizes, at or before the first landing of the same, vpon due prooffe first made, by the said Marchant by himselfe or others, both of the true paiment of the said Imposts Inwards, and also of the true shipping and transporting of the said Marchandizes Outwards: which prooffe shall be made in manner and forme following, that is to say: Euery Marchant and other person or persons so shipping forth any forraigne Commodities, whereof the Impost hath been first paid Inwards, shall bring to the Collector of the Subsidie Outwards, a Certificate from the Officers Inwards, who doe usually make such Certificates, expressing both the quantitie and qualitie of the said Goods, and also the day and time when the said Imposition was paid or compounded for Inwards, with the name or names of the Marchants that paid or compounded for the same: vpon which Certificate, the said Collector, his Comptroller or Surueyor, shall take the oath of the Marchant owner thereof, if he be within the Realme, or if he be out of the Realme, then the oath of his knowne Factor, that all the Goods mentioned and contained in the said Certificate are forraigne Commodities, and no native Commodities of this Realme, and that the said Imposition due for the same was truly answered, paid, or compounded for Inwards, at, or before the first landing thereof. But if the Marchant or Factor cannot so take his oath, because the said Goods were not first brought in, nor the Impositions due for the same first paid by him: then hee shall procure the Marchant who first brought in the said Goods, and paid the Impositions for the same, to make prooffe thereof to the said Collector, his Comptroller or Surueyor by his oath, as aforesaid, if he be within the Realme, or by the oath of his knowne Factor, if he be out of the Kingdome, or shall make such other prooffe for the preuention of fraudulent practises, as to all the aforesaid Officers shall seeme reasonable & conuenient, vpon which proof or proofs so made respectiuelly, as aforesaid, by the said Marchant or Marchants, the said Collector Outwards, his Comptroller and Surueyor, or any two of them, whereof the Collector to be alwaies one,

shall make certificate to the Collector of the said Impost Inwards, expressing the day of the Entrie, the Marchants name, the quantitie and qualitie of the Goods, the Shippe and Masters name, where in the said Goods shall be shipped, and also for what Countrey they are to be transported. And the Searcher also shall certifie vnder the said Certificate, that all the said Goods were shipped, and that hee was present at the shipping of them, and thereunto shall subscribe his name, and the Marchant owner thereof, if he be within the Realme, or if not, his knowne Factor shall bring the said Certificate to the Collector of the said Impositions Inwards: whereupon he shall receive of the said Collector Inwards, all such summe and summes of money, as shall be so proued to haue been formerly paid for the Imposition of the said Marchandizes, as aforesaid. And euery of our said Collectors of our said Impositions Inwards, shall from time to time haue allowed and defalked vnto him or them, in the passing and determining of his or their accounts, for the said Impositions, all such summe and summes of money, as shall appeare by the said Certificates to haue been by any of them so repaid againe to any Marchant, or other person, for Goods and Marchandizes so shipped and transported out of our Realme or Dominions, as aforesaid: but no allowance or repayment of any summe of money, received for the Impost of any kindes of Wines, shall be made and defalked, as aforesaid.

And whereas an Impost of tenne shillings of lawfull money of England was heretofore by other our Letters Patents vnder our great Seale of England, bearing date the first day of Iuly in the sixt yeere of our Raigne of England, France and Ireland, and of Scotland the one and fortieth, by vs commanded to be leuied vpon euery hundred waight of Logwood, Blockwood, Campechia wood, S. Martins wood, French Brasill, and all other such like false and deceiueable dying woods, by which our Letters Patents wee did in no sort tolerate the bringing in or vse of any of the said woods within our kingdome, nor dispense with any of the penalties which the lawes of this Realme did and doe inflict vpon such persons as bring in or vse the same: but only in regard that the said lawes were not put in due execution, did intend by lenying of the said Impost, so much the better to suppressse and hinder both the bringing

bringing in and vse thereof within this Realme in such great abundance, as had been formerly and then was accustomed. For so much as we are informed that by the ouer great and plentifull vse of the said woods in dying, the Cloathes and other woollen Commodities and Manufactures of this Realme, are disgraced in forraigne parts, and that our people and subiects at home may be much hindred and deceiued in the vse and wearing of the said Cloathes and woollen Commodities, by reason of the false dyes and deceiueable colours set vpon the same. And for that it shall appeare that such and so great hath been, and shall alwaies be our care, for the aduancement of the goodnesse and worth of the natiue and staple Commodities of this our kingdome, and of the credit and estimation of them in forraigne Countries, that wee desire not to make any profit (what euer it hath or might be) to vs, which may giue any cause or colour to tolerate any thing that shall tend to the hindrance of our louing subiects at home, or the disgrace of the staple Commodities of our kingdome in forraigne Countries. We are therefore also pleased, and doe for vs, our heires and successors, charge and command, that from and after the said feast of S. Michael the Archangel next ensuing, all our power, commandement and authoritie by our said Letters Patents giuen and granted for the leuying of the said Imposition of tenne shillings vpon euerie hundred waight of the said deceiueable dying woods, aforesnamed, shall be by vertue hereof reuoked and recalled, and the said Imposition formerly set vpon the same wholly and absolutely released and taken away: and also that you our said Treasurer doe cause present order to bee taken with all and singular the Officers of all and euery the Ports of this kingdome, and the Farmers of our Customs within the same, that none of them, nor any of their Deputies or Clerkes, doe, from, and after the said feast of S.
